Technical Skills

Programming Languages	C#, HTML/CSS, L^AT_EX, Python, SQL (SQL Server dialect), PHP
Tools Used	Bash, GIMP, Git, Github
Methodologies	Interactive Programming, Object-Oriented Programming
Development Environments	Command-Line Interfaces, Emacs Editor, Linux (Arch, Debian/Ubuntu), Visual Studio

Projects

Linux Administration	I've used Linux for ~7 years full-time, and in that time have deployed home theater systems, local servers, and sustained hardware using lightweight variants of Linux.
Python	I use Python for as much as I can for what I want to do for scripting, from working in Ren'Py as gifts to data analysis with the NumPy stack.
Side Projects	Actively contributing to/working on multiple code projects, including:

- github-white-noise (Javascript)
- numix-solarized-gtk-theme (Python/CSS)
- gLS (C#)

Promoting data driven methodologies within the school system. I made my job as a desk attendant at OSUIT's Residential Life department a project in digitizing their workflow to increase the department's understanding of the student body, like converting paper forms to Google Forms format for easy-to-interpret results.

Education

August 2019 (expected)	**B. Tech, Information Technology**; Oklahoma State University Institute of Technology
December 2017	**AS, Computer Science**; Oklahoma State University Institute of Technology **Magna Cum Laude**

Work Experience

Current Position	Computer Technician - Oklahoma State University Institute of Technology, May 2018 - Present
Previous Employers	T-Mobile, Family Video, Oklahoma State University Institute of Technology
